

Volume 14

CITY OF ST. REGIS PARK NEWSLETTER May 2013

Number 5

Dear Fellow Residents:

Spring is here, at least according to the calendar. Although neighbors have already begun mowing their lawns, hopefully warmer weather will be here soon. The Annual Easter Egg Hunt, although somewhat cool, was a success. My thanks not only to all those who participated but also to our volunteers, the Easter Bunny, the McMahan Fire Department, and to Councilman Allen who organized the event. A special thank you to Bailey Hoard and her mother. I have never seen non-council members do so much work for an event. I would like it to continue.

This is one of the most exciting times of the year for the Louisville area. The spotlight will be focused on Thunder Over Louisville, its air show, and the nation's largest fireworks event. This will be followed by the Great Steamboat Race, the Pegasus Parade, and all the Derby Week activities, culminating in the Kentucky Oaks and the fastest two minutes in sports, the Kentucky Derby. For me, those of us who live in St. Regis Park already have the winning ticket.

The City Council is putting the final touches on the annual budget for the upcoming fiscal year beginning July 1. We already have in place a contract with Rumpke Waste and Recycling Services that will run through June 30, 2015. We will receive the same services we're receiving now with no increase in cost. The budget should be finalized by the June Council Meeting.

The Tree Planting Campaign for the City and replacement of the traffic control signs throughout St. Regis Park remain priorities. City maintenance continues with repairs to our sidewalks. Most recently, we learned cracks had developed in our pavement. The roadways were inspected, and although the repaving of our roads was no longer covered by warranty, the contractor who performed the work has agreed to repair the most pressing intersections at no cost to the City.

Last month we reported the Church of the Ascension would sponsor a 5 K walk/run on Saturday morning, May 18, as part of Ascension's Summer Festival. The course would be through the St. Regis Park and Brookhaven neighborhoods. I am unable to provide any further

details at this time. Neither Council Members nor I have been given additional updates. We will continue to list the activity on our calendar, however, such an event requires considerable advanced planning to be a success.

Councilman Allen continues the planning of **Light Up St. Regis Park**, assisted by Mrs. Bailey Hoard. Remember the date -- Saturday, December 14. After the absence of the event for several years, every effort is being made to make this one the best.

Warmer weather will bring increased activity throughout our City. Joggers, walkers, and our children will be on the sidewalks and in the roadways. Be courteous to each other and above all, be safe.

Remember, the City of St. Regis Park is a great place to live. Our goal is to make it even better! You can assist us by providing your ideas and suggestions. Let us hear from you.

Sincerely,
Brandt Davis, Mayor

IMPORTANT DATES

MAY 1	- STEAMBOAT RACE @ 6:00 PM

MAY 27	- MEMORIAL DAY OBSERVED
MAY 28	- RECYCLING PICKUP

CITY OF ST. REGIS PARK

MINUTES OF THE REGULAR MONTHLY COUNCIL MEETING

Tuesday, April 2, 2013

Following are the Minutes of the monthly Council Meeting for the City of St. Regis Park held at 7:30 p.m., Tuesday, April 2, 2013, at 4318 Taylorsville Road, Louisville, Kentucky 40220. In the absence of Mayor Brandt Davis, City Attorney John Singler called the meeting to order and moved to have a Mayor Pro-Tem appointed. In City Clerk Bill Hodapp's absence, Mr. Bob Graves agreed to record the Minutes.

Mr. Graves made a motion to appoint Mr. Talbott Allen to serve as Mayor Pro-Tem. Mr. Louie Schweickhardt seconded the motion. The motion passed with Mr. Allen dissenting.

ROLL CALL:

Present: Aldridge, Allen, Graves, Schweickhardt, Walsh, Wheatley, Willett.

Absent: Davis.

FINANCIAL REPORT:

Mr. Jim Walsh presented the Financial Report for the month and the nine months ending March 31, 2013. Total Revenues for the month were \$2,782.46, the General Fund's total revenues for the year to date were \$352,116.39. The month's expenses were \$15,679.11. General Fund expenses for the year were \$222,153.05 resulting in excess revenues over expenses of \$129,963.34. The General Fund balance as of March 31 was \$623,502.22.

Revenues for the Road Fund were \$2,950.55 as of March 31, with expenses of \$2,625.00. The actual Road Fund balance for the year to date was \$10,753.13.

Mr. Walsh and the City's accountant, Mr. Charlie Veeneman, responded to several questions posed by Council Members. During the month of March, \$140,000.00 was transferred from the Property Tax account at River City Bank to the Money Market account at First Capital Bank in order to earn a higher rate of return. An additional \$100,000.00 was transferred from the Property Tax account at River City Bank to the General Fund account at the same bank. Total assets for the City were \$657,099.39 with total liabilities of \$13,542.82. Total capital was \$643,556.57. Complete financials have been posted for review on the City's website, www.stregispark.net.

Mr. Bob Aldridge made a motion, seconded by Mr. Schweickhardt, to accept the Financial Report as presented. The motion passed without dissent.

Mr. Veeneman and Mr. Singler addressed several questions regarding the recent audit conducted by Bennett & Company, CPAs. The audit of the City's finances for the fiscal year ending June 30, 2012, was presented at the March Council Meeting, however, action was deferred to provide the Council sufficient time to review the documents. Mr. Graves made a motion to accept the audit as presented. The motion was seconded by Ms. Cheryl Willett and passed without dissent.

MINUTES OF THE REGULAR COUNCIL MEETING:

Mr. Walsh made a motion to approve the Minutes of the Regular Council Meeting held March 5, 2013. The motion was seconded by Mr. Frank Wheatley and passed without dissent.

POLICE REPORT:

The Small City Activity Sheet will be printed elsewhere in the newsletter. LMPD Officer Kenneth Betts was present representing Kentuckiana Law Enforcement (KLE). Officer Betts informed the Council one of the officers assigned to St. Regis Park, Eddie Phillips, had been injured. Other officers would be filling in for Officer Phillips during his recuperation. House watches for residents on Foxy Poise Road, Lincoln Road, and St. Regis Lane were presently underway. Officer Betts emphasized any citizen who would be away from home should request a house watch. The officers are continuing to issue citations in the City, primarily for disregarding stop signs and speeding. Officer Betts advised when an arrest occurs, it requires that officer to be away from the City while the suspect is processed. The arresting officer returns to his patrol as soon as practicable.

CITY ENGINEER'S REPORT:

City Engineer Mel Milburn advised the City was under contract with Construction Solutions to perform the spalled sidewalk repairs. However, the cold weather in March had delayed the repairs – the temperature must remain above 45 degrees Fahrenheit for the repairs to occur. He anticipated, weather permitting, the work would be completed by the end of April.

Concrete grinding repairs on the sidewalks had been deferred until the upcoming fiscal year. Mr. Milburn estimated the number of repairs would be approximately the same as in 2012, the cost estimated at some \$6,500.00.

Mr. Milburn also advised several residents had reported cracking of the pavement. Mr. Milburn had conducted an inspection of the City's roadways. The intersections of Mt. Vernon Road/Aintree Way and Mt. Vernon Road/Foxy Poise Road were primarily involved. There had been a one year warranty on the repaving of the roads, however, that warranty had expired (the actual repaving occurred one year and nine months ago). Still, Mr. Milburn had met with representatives of Flynn Brothers Contracting, Inc. They requested permission from the City to bore two small cores in each intersection to determine the problem. Flynn Brothers also agreed to remill the two affected intersections at their expense. Mr. Milburn will determine if additional smaller cracks should be sealed, and if so, how many and at what cost. Ms. Willett made a motion, seconded by Mr. Walsh, to authorize Flynn brothers to conduct the appropriate testing and make the necessary repairs at the intersections. Mr. Milburn would also address the possible sealing of additional cracks. The motion passed without dissent.

CITATION OFFICER'S REPORT:

Mr. Andrew Amon, Citation Officer, reported 98 miles were patrolled during the month of March. Ten Hi Neighbor notices

The City has "No Parking" signs available for use by residents who host large gatherings. Residents may call City Clerk Bill Hodapp at 491-7777 for information regarding the use of these signs.

were issued -- three for parking in the wrong direction, two for residents who had failed to clean up their leaves, one for garbage cans left out, one for parking on the grass, one for an unfinished fence, one for an unattended trailer parked on the street, and one in respect to the improper parking of a commercial vehicle. In addition, one resident was cited for having chickens on their property. The resident was allowed seven days to correct the problem and seemingly complied within that period.

Mr. Amon also addressed the ruts in the vacant lot on Saddle Horn Drive at the end of Lincoln Road. These ruts are primarily caused by large utility vehicles accessing the field abutting Interstate 64 in order to service the cell towers. Mr. Singler will personally contact the agent for the owner of the property. Possibilities for correcting the problem will be explored with the owner's agent and parties that use the property in order to find a solution, including perhaps paving a driveway to the field.

CITY ATTORNEY'S REPORT:

Mr. Singler presented the Council with **Municipal Order No. 1, A Municipal Order Relating To Accepting A Two Year Extension To The Contract For The Collection Of Garbage In The City Of St. Regis Park.** The contract with Rumpke of Kentucky, Inc. is extended through June 30, 2015, providing the same services as present – garbage, yard waste, recycling – with no increase in price. Ms. Willett made a motion to accept **Municipal Order No. 1.** The motion was seconded by Mr. Aldridge and passed without dissent.

Mr. Singler has filed liens on the four properties whose property taxes for 2012 have yet to be paid. Those properties are: **4308 Lincoln Road; 4304 St. Regis Lane; 4310 St. Regis Lane; 4404 St. Regis Lane.** Of 608 properties in the City of St. Regis Park, only 2012 property taxes on four are delinquent.

Regarding the Rental Property Forms and attendant fees, 30 rental properties have been identified in the City of St. Regis Park. Billings were issued during the last six months of 2012. The next billings will occur toward the end of 2013 and will cover the calendar year, January 1, 2014 through December 31, 2014.

COUNCIL MEMBERS' REPORTS:

Public Works -- Louie Schweickhardt

Mr. Schweickhardt advised he was working with Mr. Singler to prepare specifications to open for competitive bids, the replacement of all street sign and poles within the City. He is also continuing to develop a City Tree Planting Campaign and will be meeting with an arborist during the coming week. Because of the cold weather in March, improvements on the City of St. Regis Park sign at Browns Lane and Lowe Road were suspended but will resume as the temperatures warm.

Special Events -- Talbott Allen

Mr. Allen advised the Easter Egg Hunt on March 23 was a success. He expressed his appreciation both to all those who participated and to the volunteers, particularly Louie the Easter Bunny who was drafted at the last minute. Mr. Allen continues to move forward with the **Light Up St. Regis Park** celebration scheduled for December 14. He is being assisted by Mrs. Bailey Hoard. They are finalizing a budget for the event, comparing prices for luminary supplies, and planning various activities. Although the Church of the Ascension had requested to hold a 5K walk/run on Saturday, May 18, Mr. Allen was unable to provide a progress report. Neither he nor anyone on the City Council had been provided with an update. Mr. Allen said he had been involved in similar runs in the past and much planning is required for an event to be successful.

 INSURANCE & REAL ESTATE

Public Safety -- Cheryl Willett

Ms. Willett advised she has been in contact with LMPD Officer Cliff Roberts. They are aiming for May to have a Blockwatch meeting to include the naming of Blockwatch Captains and finalizing the program.

Building Permits -- Bob Aldridge

Mr. Aldridge advised no building permits were requested during the month of March.

Finance -- Jim Walsh

An initial draft of the City's proposed budget for the fiscal year 2013-2014 was presented. Several Council Members offered comments in respect to additional or increased revenue streams and adjustments to certain expenses. Mr. Singler will summarize those comments and suggestions in an e-mail to Mayor Davis and the Council.

Marketing/IT -- Frank Wheatley

Mr. Wheatley advised the Marketing Committee met the previous week. They are working on branding for the City and ways to promote the positive image of St. Regis Park. Mr. Wheatley said he will also be updating the City's website.

Communications Facilitator -- Bob Graves

Mr. Graves had no report.

OLD BUSINESS:

Mr. Aldridge introduced two proposed ordinances that had been drafted by Mr. Singler. The first related to the formation of a Code Enforcement Board to issue remedial orders and impose civil fines as a method of enforcing civil ordinances. The second was an ordinance amending regulations concerning the restriction of nuisances. Both were extensive. Mr. Graves made a motion, seconded by Ms. Willett, to defer any action on the two proposed ordinances, including initial readings, until at least the May 7 Council Meeting to provide Members the opportunity to read and review the proposals. Discussion followed. Mr. Aldridge advocated passage and implementation of the Code Enforcement Board ordinance but announced he and his wife

had sold their home. He anticipated moving from the City of St. Regis Park and therefore, intended to submit his resignation at the May Council Meeting. A vote was then taken, and the motion made by Mr. Graves passed without dissent.

City Clerk Hodapp previously contacted Metro Parks to see if they had any interest in having a donated tree planted in Des Pres Park. There was no response. Ms. Marilyn Parker, Metro Councilwoman for District 18, offered her assistance. A poll of all Council Members, while appreciative of Ms. Parker's offer to intercede with Metro Parks, felt the issue of the donated tree should not be pursued further.

NEW BUSINESS:

None.

CITIZEN PARTICIPATION:

Colonel Pat Walsh, Chief, McMahan Fire District, attended the meeting but elected not to speak. Stephen and Bailey Hoard of Mt. Vernon Road were also in attendance. Mr. and Mrs. Hoard have become quite active in the affairs of St. Regis Park since moving into the City. Mr. Bill Holton of Dannywood Road also attended but chose not to speak.

ADJOURN:

Mayor Pro-Tem Allen advised there being no further business, he would entertain a motion to adjourn. Mr. Walsh made a motion to adjourn, seconded by Mr. Schweickhardt. The motion passed without dissent. The meeting adjourned at 9:24 p.m.

Submitted by Bob Graves, Council Member
(These Minutes are considered unapproved until signed by Mayor Brandt Davis.)

Approved:

Brandt Davis, Mayor, City of St. Regis Park

The City of St. Regis Park allows a public comment section during its meetings. These public comments are summarized in the City Council Minutes. The views expressed do not necessarily represent the views of the City of St. Regis Park.

ORDINANCE OF THE MONTH

ST. REGIS PARK ORDINANCE 70.02: MANNER OF PARKING

- (A) It shall be unlawful for the operator of any vehicle to stop or park the vehicle in a manner other than with its right-hand side toward and parallel with the curb.
- (B) No vehicle shall be parked or left standing on any street unless its two right wheels are within one foot of and parallel with the curb, except that on one-way streets where parking is permitted on the left side the two left wheels are to be within one foot of and parallel with the curb.

PUBLIC SAFETY CORNER

MAINTAINING COMFORT

Some people refer to their heating and air conditioning systems as their “*comfort systems.*” If you’ve ever had to be without one in either the dead of winter or the heat of the summer, *lack of comfort* may be an understatement. Simple maintenance with a HVAC checklist is something every homeowner can perform.

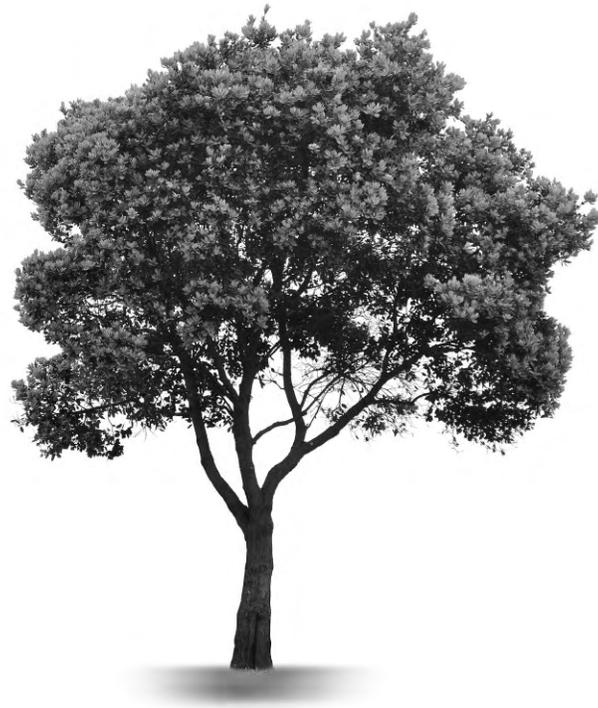

Periodically

- Change your filter every 90 days; every 30 days if you have shedding pets.
- Maintain at least two feet of clearance around outdoor air conditioning units and heat pumps.
- Don’t allow leaves, grass clippings, lint or other obstructions to block the circulation of coils.
- Inspect insulation on refrigerant lines leading into the house monthly and replace them if they are missing or damaged.

Annual, in spring

- Confirm that outdoor air conditioning units and heat pumps are on level pads.
- Pour bleach into the air conditioner’s condensation drain to clear mold and algae which can cause a clog.
- Avoid closing more than 20% of a home’s registers to keep them from overworking the system.
- Replace the battery in the home’s carbon monoxide detector.

Even with the attention that performing this list will provide, it is recommended you have your units serviced annually by a licensed HVAC contractor. Furnaces can be inspected for carbon monoxide leaks. Preventive maintenance may not only help avoid costly repairs but also add to the safety and comfort of you and your family.

TREES

***“I think that I shall never see
A poem lovely as a tree...”***
with apologies to Joyce Kilmer

Over the last few years St. Regis Park has suffered a virtual epidemic of tree loss. Every day, it seems, the sounds of tree trimmers and wood chippers can be heard, as the birds look on in dismay at the destruction of their homes. Whether from disease, drought, or “global warming,” more and more of our yards are presenting a naked face to the elements.

Aside from their obvious aesthetic contribution, trees provide oxygen to the atmosphere and greatly reduce the harsh effects of the sun. Temperatures can be lowered by as much as 6-10 degrees, and energy consumption significantly reduced.

A park, by definition, is an “area with landscaping,” hopefully with many species of trees. So, if you’ve lost a tree recently, please consider replanting this spring, and help our beloved St. Regis PARK restore its good name!

INDEPENDENT AUDITOR'S REPORT

To Mayor and City Council
City of St. Regis Park, Kentucky
St. Regis Park, Kentucky

We have audited the accompanying financial statements of the governmental activities, each major fund of the City of St. Regis Park, Kentucky, as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of St. Regis Park, Kentucky's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund of the City of St. Regis Park, Kentucky, as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages M-1 through M-8 and 16 through 17 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

104 Daventry Lane • Louisville, Kentucky 40223 • Phone (502) 425-3030 • Fax 429-0271

Member of the American Institute of CPAs and the Kentucky Society of CPAs

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of St. Regis Park, Kentucky's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.
