

Volume 13

CITY OF ST. REGIS PARK

NEWSLETTER

September 2012

Number 09

Dear Residents,

We had a fantastic August meeting and got a ton accomplished! I can't wait to share with you all about it.

The first accomplishment is that we found out we will definitely be receiving a \$6,000 grant from Metro Louisville in order to help us pay for the ADA ramps we are installing. I would like to thank Councilman Bill Hodapp and City Clerk Bob Graves for all of their work and follow-through on getting this grant processed.

The next accomplishment is the installation of our new speedhumps on Woodmont. Not only do they look great, with an awesome paint job, but I have already seen them work effectively. I have received lots of positive feedback and look forward to hearing from the police about the result of less cut-through traffic once school starts.

In addition to the speedhumps, many of our other projects should be completed by the time you receive this newsletter. They include the following: house addresses being painted on the curbs, painting the designated areas yellow on the curbs, and adding ADA ramps to our sidewalks. Also, we have just completed repairing the sidewalks throughout the entire city. Some projects that are still in process, but will probably not be completed by the time of this newsletter, include the painting of the road sign poles and the painting and maintenance of all the street lights and poles.

The next item I would like to address is surplus property of the city. We have 5 surplus items that will go to the highest bidder. Anyone is welcome to place a bid on any or all of the items. They will be listed separately in this newsletter. If anyone would like to bid on the items, please call city hall at 491-7777 or email city hall at cityofstregispark@mcmahanfire.com. Bidding will end at 5 p.m. on September 15th.

Next, it has come to my attention, that some citizens would like the opportunity to purchase St. Regis Park Golf Style Shirts and Sweatshirts, like the council and I wear to meetings. They are available for purchase at our cost.

Golf Style Shirts, sizes	Small - XL	\$30
	2XL	\$38
	3XL	\$39
Sweatshirts, sizes -	Small - XL	\$39
	2XL	\$44
	3XL	\$45

Simply contact city hall and we would be glad to fill your order.

Another accomplishment during our August meeting was the passing of a new sidewalk ordinance. From this point forward, the City will assume the financial responsibility of fixing sidewalks. However, it is required of each homeowner to properly maintain and make sure they do nothing that would cause damage to the sidewalks (please see insert in this newsletter). If for some reason, it is found that a homeowner was negligent in this regard, the City would not assume the financial responsibility for fixing the sidewalk and that would be passed on to the homeowner.

Another insert found in this newsletter is a rental property application that is due by January 1, 2013 for all properties that

are being rented within St. Regis Park. I would ask if anyone is a tenant within our city, to please contact Councilman Louie Schweickhardt and let him know your address. I would also ask that you would forward this application to the owner of the property or property maintenance company that oversees your property. If they have any questions, please have them contact Councilman Schweickhardt, as he is the individual overseeing this project and would be glad to assist them or you in any way possible. His contact information is on the back of this newsletter.

Please remember that the City Wide Yard Sale is September 8th. It starts at 8 a.m. and will go until everyone is finished. Please make sure you tell your friends and family about this annually, anticipated event. Also, next August is going to be the 60th Anniversary of St. Regis Park. Councilman Bernard Watts would like to form an Anniversary Committee to help us celebrate. If any citizen would like to be involved with the planning of this 60th Anniversary celebration, please contact Councilman Bernard Watts. His contact information is on the back of this newsletter.

Next, I would like to invite you all to our September council meeting. I have designated this meeting to be solely used for discussing city ordinances. There are ordinances in our city that need to be improved, there are new ordinances that need to be written and there are ordinances that need to be better enforced. If you have any feedback you would like to give in regards to ordinances, lack of ordinances, or enforcement of ordinances, your thoughts would be appreciated. You may call or email city hall or even better, you may join us at our September Council meeting. As always, we meet the first Tuesday of every month at the McMahan Fire Department. We start at 7:30 p.m. sharp.

Last, but not least, I would like to remind everyone that we no longer have sanitation pickup on Fridays. So, please be sure to only set your yard waste, sanitation, and recycling (on applicable weeks) out on Monday evenings and put the containers back promptly once they've been emptied. We want to make sure we keep our city looking beautiful. Thank you for your cooperation.

As usual, please feel free to always contact me with any questions, concerns, or suggestions.

Thank you for the opportunity to serve as Mayor!

Sincerely,

Brandt Davis, Mayor

IMPORTANT DATES

September 4th - City Council Meeting

September 8th - City Yard Sale

September 4th - Recycling Pickup

September 18th - Recycling Pickup

CITY OF ST. REGIS PARK
MINUTES OF THE REGULAR
MONTHLY COUNCIL MEETING
Tuesday, August 7, 2012

Following are the Minutes of the monthly Council Meeting for the City of St. Regis Park held at 7:30 p.m., Tuesday, August 7, 2012, at 4318 Taylorsville Road, Louisville, Ky. 40220.

ROLL CALL:

Present: Davis, Hodapp, Macy, Rowland, Schweickhardt, Walsh, Watts, Willett.

MAYOR'S REMARKS:

Mayor Davis welcomed several guests and residents to the meeting. Mayor Davis informed the Council those wanting polo style golf shirts and/or sweatshirts with the City of St. Regis Park logo should contact Bob Graves by the end of the week. In addition, residents interested in purchasing such items would also have that opportunity. Additional details will appear in the newsletter.

GUESTS:

Marilyn Parker, the Republican candidate for Metro Representative, District 18, introduced herself. Ms. Parker described herself as "a true conservative Republican" whose platform was based on fiscal responsibility, transparency and ethics, and limited government. She attended St. Margaret Mary, Waggener High School and earned a Bachelor of Science in Nursing from Eastern Kentucky University. In respect to fiscal responsibility, her goals are to improve oversight and reduce government spending. As far as transparency and ethics, Ms. Parker said she would restore integrity to the Metro Council and place all office expenses online, reduce discretionary funding, and demand strict accountability over quasi-governmental agencies. She stressed limited government, less government intrusion in individuals' lives, and to stop job killing regulations which cripple the economy. Ms. Parker's telephone number is 939-0292 and her email address is marilyn@marilyn4metro.com.

Nick Simon, the Republican candidate for State Representative, District 31, introduced himself. Although the City of St. Regis Park is actually in District 32, District 31 includes many of the areas surrounding the City to include Hikes Point, Brookhaven, Lincolnshire, and others. Its boundaries extend from Bowman Field to Billtown Road. Mr. Simon is a business owner, Publishers Printing Company, who has not previously run for public office. He is a graduate of St. Xavier High School and Northwestern University. He states, "As a State Representative, I will work hard to maintain the freedoms and rights of the citizens of the Commonwealth and to see to it that their hard-earned tax money is well spent." He supports giving parents the right to send their children to a neighborhood school. He also advocates for pension reform for Kentucky state employees and he is pro-life. His telephone number is 955-6526.

Mayor Davis thanked Ms. Parker and Mr. Simon for attending

the Council Meeting and stating their positions. He then expressed several concerns directly affecting the City. First is the completion of the sound barrier wall along the Watterson Expressway and Interstate 64, a project which has been ensnared in a political quagmire for decades. Second, Mayor Davis addressed the necessity of neighborhood schools to a strong and prosperous St. Regis Park, emphasizing the importance of Ascension School, Greathouse/Shyrock, St. Matthews Elementary Schools and Waggener High School.

FINANCIAL REPORT:

Mr. Walsh presented the Financial Report for July 2012. Property tax bills for 2012 were mailed out in early July. Initial collections have exceeded expectations with 105 of 608 property owners having taken advantage of the 5% discount as of today's date. General Fund revenues for July were \$48,285.12, with total income of \$48,473.74. Total expenses for the month were \$34,864.61. The Road Fund had revenues of \$3,261.11, as opposed to expenses of \$3,066.92. Mr. Walsh also reminded everyone the complete financials had been posted on the City's website.

Ms. Rowland made a motion to accept the Financial Report. Mr. Hodapp seconded the motion. The motion passed without dissent.

MINUTES OF THE REGULAR COUNCIL MEETING:

Ms. Willett made a motion to approve the Minutes of the Regular Council Meeting held July 10, 2012. Mr. Hodapp seconded the motion. The motion passed without dissent.

POLICE REPORT:

The Small City Activity Sheet will be printed elsewhere in the newsletter. LMPD Officer Ron Fey, representing Kentuckiana Law Enforcement, emphasized officers are available for house watches. Any resident who is going to be away can contact City Hall (491-7777) to request a house watch, providing the dates involved and a telephone number where they can be contacted in the event of an emergency. Officer Fey also indicated that although the speed humps recently installed on Woodmont Drive may initially cause some frustration to residents, they will deter people cutting through the City and increase the safety of all citizens. Officer Fey also indicated there had been several recent incidents regarding "junk pickers" going through garbage on trash days, some looking for scrap metal. Many of these individuals come through during the early hours and may take things not intended to be discarded. Officer Fey suggested residents be vigil and secure their property. He also provided a telephone number of 574-2111 which residents can use in non-emergency situations, but stressed 911 should be used for an emergency.

CITATION OFFICER'S REPORT:

Mr. Amon reported 112 miles were patrolled in July. He issued 22 Hi Neighbor notices. Most were for improper vehicular parking or high grass. Two citations were issued, one on St. Regis Lane for failure to complete utility work in a side yard (Ordinance 92.01), the other on Statton Road for failure to repair/remove a

The City has "No Parking" signs available for use by residents who host large gatherings. Residents may call Councilman Bernard Watts at 459-0995 for information regarding the use of these signs.

retaining wall in the front of the house (Ordinance 92.01).

CITY ATTORNEY’S REPORT:

City Attorney John Singler, advised final changes had been made to the proposed “Ordinance Repealing and Replacing Certain Sections of the Codified Ordinances Regarding Sidewalks.” A Second Reading and roll call vote would occur later in the meeting. He had also prepared a proposed “Ordinance Enacting a New Section of the Codified Ordinances Regarding Vacancies on the Council.” A First Reading and discussion were also scheduled for later in the meeting.

CITY ENGINEER’S REPORT:

City Engineer Mel Milburn, advised the sidewalk grinding project had been completed as had the installation of the four speed humps on Woodmont Drive. The ADA sidewalk project is nearing completion. The contractor is presently awaiting the delivery of mats to be inserted on the ramps. In addition, the contractor has repaired the storm drain on Mt. Vernon Road.

Two areas that were shown on the grinding project plan were removed because they were beyond repair using the grinding method. The sections of the sidewalk involved will require removal and replacement of that section. The cost will be several hundred dollars. A motion was made by Mr. Walsh, seconded by Mr. Schweickhardt, to only bill the affected homeowner two fees of \$38.00 each, the remainder of the cost to be borne by the City. The motion passed without dissent.

Mr. Watts raised a concern regarding the storm water flow and drainage in the area of Ashfield Lane and Milburn Avenue. According to Mr. Watts, since the paving of the roads, storm water actually flows away from the drain rather than toward it. Mr. Milburn thought the paving could not be the problem since the curbs were left intact, however, he agreed to look into the

matter.

Mayor Davis asked Mr. Milburn to provide a detailed listing of the properties involved with the sidewalk grinding project in order for the affected homeowners to be billed accordingly.

COUNCIL MEMBERS’ REPORTS:

Walsh - Previously presented the Financial Report. No additional report.

Hodapp – Advised the radar speed sign has been repaired and will be placed in service shortly for the beginning of the school year. Mr. Hodapp also stated he would have Kentuckiana Law Enforcement adjust their patrolling hours to coincide with the children going to and from school. Additional patrols will occur during the City-Wide Yard Sale on Saturday, September 8, to assist in parking enforcement and traffic control.

Rowland - Ms. Rowland mentioned the possibility of Council Members wearing name badges at City sponsored events. This would allow citizens to readily identify Council Members should they have any questions. Mayor Davis asked Ms. Rowland to look into the design and possible acquisition.

Willet - Ms. Willet thanked Helen Walter for sponsoring the recent ice cream social and distribution of the City Directory. Ms. Willett said she had received a number of favorable comments from citizens regarding the speed humps.

Macy - Reported she continues to receive a number of calls relating to sanitation issues. Some residents are still confused about the pickup days and the elimination of Friday collections. She has a number of “Yard Waste” stickers which can be applied to containers. Those in need should contact her. Also, the coupon club is having a “grand reopening.” Those interested in

trading coupons on a monthly basis should contact Ms. Macy (938-2441).

Watts - The City of St. Regis Park Yard Sale is scheduled for Saturday, September 8. Mr. Watts discussed the costs of various media advertisements. He will get additional pricing and advise the Mayor. Assuming such costs are reasonable, they would be paid from the Mayor's Contingency Fund. In addition, a flyer will be inserted in the monthly newsletter.

Schweickhardt – No report.

Willett – Mr. Singler presented a First Reading of the proposed Ordinance Regarding Vacancies on the Council. The new Ordinance includes wording crafted by Ms. Willett in her previous memorandum, "Procedures for Filling Vacant Council Positions," and states in part: "The City shall advertise any vacant position in the monthly newsletter or another special mailer, listing the requirements of the vacated position as set forth by the Kentucky Revised Statutes and informing interested residents how to submit a resume to the City office by the application deadline. The Council shall review the resumes to make sure requirements are met and schedule interviews, which shall take place at a regular or special City Council meeting. After interviewing any qualified candidates, the Council will make a recommendation as to a person to fill each vacancy and the vote shall be recorded by roll call vote." Mr. Walsh made a motion to accept the First Reading of the Ordinance with the insertion of the words "or another special mailer." Mr. Schweickhardt seconded the motion. The motion passed without dissent.

OLD BUSINESS:

Mayor Davis advised the City's application for a grant from Metro Government has been approved. One final document was submitted to Metro Government yesterday. Funding is expected by the end of the week.

The house number painting on the curbs is continuing and according to Mr. Amon, should be completed by the end of the week. Mayor Davis asked Mr. Hodapp if the yellow curb painting could be completed by August 15. Mr. Hodapp responded in the negative. Mayor Davis tasked Mr. Hodapp and Mr. Amon to complete the project.

Painting of the street sign poles is expected to begin by the end of the week. Because of the excessive temperatures and humidity, the electrostatic painting could not occur as had been previously anticipated. Still, the project should be completed approximately 30 days after it begins.

LG& E previously identified the street light poles to be painted, marking them with yellow caution tape. The project is to be completed in three phases. The first phase has been completed, those poles having been painted.

Mr. Singler presented the Second Reading of "An Ordinance Repealing and Replacing Certain Sections of the Codified Ordinances Regarding Sidewalks." The Ordinance repeals the original Ordinance which states: "It shall be the responsibility of each property owner within the City to maintain and repair the sidewalks that are located on or are adjacent to the owner's property." It also states: "No property owner shall cause damage to the sidewalk located on or adjacent to the owner's property, by allowing vegetation to heave and crack the sidewalk, or allowing any condition to exit that causes damage to the

sidewalk." The Ordinance states in part: "The determination as to whether a particular sidewalk was damaged by the actions of a resident shall be made by engineers selected by the City and/or the City's Code Enforcement Officer." Mr. Hodapp made a motion to adopt the Ordinance as read, seconded by Ms. Willett. A roll call vote was taken. Mr. Walsh, Mr. Hodapp, Ms. Rowland, Ms. Willett, Ms. Macy, and Mr. Schweickhardt voted in favor of adopting the Ordinance. Mr. Watts voted against the motion. The motion passed and the Ordinance was adopted.

Last month's newsletter referred to the disposal of city property. The listing of the property was inadvertently omitted from the newsletter. The property is as follows:

- 1 emachines 3000+ AMD Athlon XP computer with 160 GB hard drive
- 1 emachines keypad with mouse
- 1 Samsung SyncMaster 712N monitor
- 1 HP LaserJet 1012 printer
- 1 Brother Fax – 575 fax machined

The computer will be "cleaned" prior to any buyer taking delivery. Otherwise, all property will be sold "as is" with no warranties or representations. The property can be inspected at the McMahan Fire District, 4318 Taylorsville Road, Louisville, Kentucky 40220. Contact the St. Regis Park City Hall (491-7777) to make an appointment. ALL BIDS MUST BE RECEIVED BY THE CITY OF ST. REGIS PARK NO LATER THAN SATURDAY, SEPTEMBER 15, 2012. Bids may be submitted by email to cityofstregispark@mcmahanfire.com or by United States Postal Service to: City of St. Regis Park
Post Office Box 20429
Louisville, Kentucky 40250-0429

The City Attorney, Mr. Singler, and Mayor Davis have prepared a Rental Property Information Form which will be mailed out to all known owners of rental property located in the City of St. Regis Park. The certificate must be renewed by January 1st of each year or when the tenant of the property changes. It must be updated with each rental prior to occupancy. A \$150.00 fee must be paid to the City of St. Regis Park annually. If there is any change in the information supplied in a rental application, the owner must re-register within 60 days after any change occurs in registration information, but does not have to pay another \$150.00 registration fee for that year. Mr. Schweickhardt and Mr. Graves will coordinate the mailing of the initial letter to landlords within the next few weeks.

NEW BUSINESS:

Mayor Davis advised the next Regular Council Meeting scheduled for Tuesday, September 4, would primarily be devoted to dealing with various Ordinance issues.

The City of St. Regis Park was incorporated in 1953. Next year, 2013, we will be celebrating the City's 60th Anniversary. Those residents interested in serving on a 60th Anniversary Celebration Committee or volunteering their time and talents in some other capacity should contact Mr. Watts (459-0995).

CITIZEN PARTICIPATION:

Mr. Talbott Allen of St. Regis Lane indicated he was glad to be able to return to a Council Meeting. He said he was proud of the many accomplishments of the City Council, particularly the implementation of recycling which he had advocated for years. Mr. Allen stated although he had previously been opposed to speed humps, he was now an advocate. Mr. Allen also tendered his Letter of Resignation effective immediately as City Clerk/

Treasurer of the City of St. Regis Park. A motion was made by Ms. Rowland to accept Mr. Allen's Letter of Resignation, seconded by Mr. Hodapp. The motion passed without dissent. Mr. Hodapp then made a motion, seconded by Ms. Willet, to appoint Bob Graves as the permanent City Clerk/Treasurer of the City of St. Regis Park. The motion passed without dissent.

Ms. Helen Walter of Lynnbrook Drive felt the portable sign in the yard at Browns Lane and Lincoln Road, advertising enrollment space was available at Ascension School for the coming school year, as well as advertising the school's upcoming open houses in the fall and in the winter/early spring, should remain longer than the length allowed by the City Council. An extensive discussion took place. Mayor Davis and all present acknowledged the importance of Ascension Church and School to the City, however, there had apparently been some problems in the sign's timely removal after past events. Mr. Bill Holton of Dannywood Road mentioned the possibility of erecting a permanent sign in the City if it was tasteful. Mayor Davis advised the time limitations previously imposed on the sign would stand for the present but indicated some adjustment might be made in the future to allow for the sign to be posted for longer periods.

Mr. Bob Aldridge of Statton Road talked of several properties in the City which were not being maintained and had fallen into disrepair. The Citation Officer, Mr. Amon, confirmed several of the properties had been given Hi Neighbor notices and/or citations in the past, however, in many instances the resident or property owner had either failed or refused to take corrective action. Mayor Davis reminded everyone present, the September Council Meeting would primarily deal with Ordinance issues and

encouraged those present to return on September 4.

ADJOURN:

Mr. Walsh made a motion to adjourn. Mr. Hodapp seconded the motion. The motion passed without dissent. The meeting adjourned at 9:34 p.m.

Submitted by Bob Graves, City Clerk (These Minutes are considered unapproved until signed by Mayor Brandt Davis)

Approved:

Brandt Davis, Mayor, City of St. Regis Park

The City of St. Regis Park allows a public comment section during its meetings. These public comments are summarized in the City Council Minutes. The views expressed do not necessarily represent the views of the City of St. Regis Park.
